

Get \$30 for Residential Cooling System Tune-Up Guidelines

1. Qualifying systems include - any residential central cooling system that has been installed for at least one year, such as:
 - Air conditioner
 - Air source heat pump (electric or fossil fuel back-up)
 - Water source heat pump
2. The incentive payment is \$30.
3. Homeowner is only eligible for an incentive if the system has not been serviced or tuned-up within the past three years.
4. The incentive payment to the homeowner will come directly from Cornhusker Power. For renter/landlord situations, the party responsible for the cost of the tune-up will receive the incentive.
5. All HVAC equipment must be permanently installed in a residential single-family dwelling. A mobile home must be on a permanent foundation.
6. For duplexes and condominiums that are separately metered, they will be considered residential, thus requiring two separate applications. If they are master metered, they are considered multifamily and not eligible. Apartments that are master metered, are considered multi-family.
7. In those cases where two or more air conditioners or heat pumps are installed in the same house, both or all are eligible for the full incentive amount. Each requires its own application.
8. Window air conditioners, Package Terminal Air Conditioner (PTAC), and Package Terminal Heat Pumps (PTHP's) are not eligible. Only a ducted - split system is eligible.
